## India Pavilion at Pharmtech & Ingredients Expo 2018

Pharmtech & Ingredients Expo 2018 which took place on 20-23 November 2018 in Moscow, Russia, remains the premier international exhibition pertaining to equipment, raw material and technologies for pharmaceutical production. The participation at the expo affords immense opportunities for collaboration between India, Russia and EEU countries. The India Pavilion at Pharmtech & Ingredients Expo 2018 offered a platform to showcase India's technical capabilities and relevant technologies in the healthcare sector and explore new business opportunities in the region through interactions with the leading international and regional healthcare suppliers, manufacturers and service providers.

FICCI organized the "India Pavilion" at the Expo in partnership with the Department of Commerce, Ministry of Commerce & Industry, Government of India along with Indian Pharma Machinery Manufacturers Association (IPMMA) and was supported by Indian Mission in Moscow.

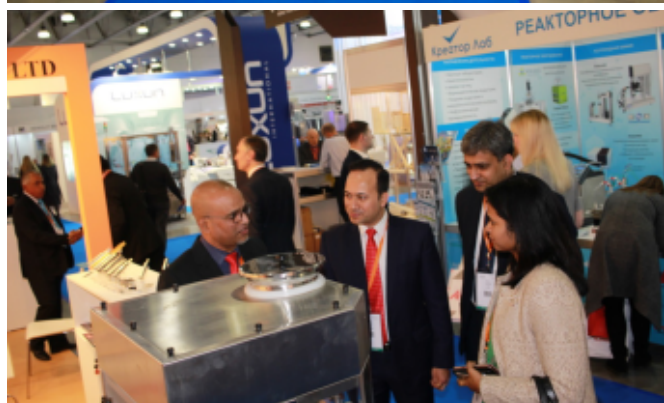

The Exhibition had representation from senior officials from the Government of Russia, EEU countries, Switzerland, Italy, to mention a few. Besides India, the Exhibition had Country Pavilions from China, Italy, Switzerland, Germany, France, the Czech Republic, Hungary, Spain, the Netherlands, Turkey, UK, Austria, Finland etc.

India pavilion was inaugurated by Ms. Veena Tirkey, First Secretary, Trade wing in Eol in Moscow. The Expo provided an opportunity to enhance and diversify India's economic engagement with participating countries from Russia, CIS, Europe and the Americas.

The burgeoning demand for healthcare products and services within India and overseas is propelling the growth of healthcare sector in India which has emerged as a leader in frugal engineering. "India Pavilion" initiative at Pharmtech & Ingredient Expo 2018 reinstated the potential of the healthcare industry in India.

The Indian Healthcare industry has gained significant traction in the last few years. It is currently on a high growth trajectory and rapidly integrating with the global industry. There was significant interest and footfalls in the India Pavilion as well as at the other stalls of the Indian manufacturers. Indian exhibitors received very encouraging response from visitors at this show and have been able to get good leads and enquiries, some of which may turn into business deals in future.

This edition has proved to be an immensely beneficial platform to develop newer trade linkages between India and Russia. Participation from healthcare sector has opened the gates for companies alike to explore and invest more in the region. Initiatives like this in such unexplored regions with the support of Indian government help in developing a long-term investment opportunities for Indian companies.
